## Popular Careers

### Computer Scientist

Computer Scientist involves working with Computer Studies and related fields.

Select

### Robotics Engineer

Robotics Engineer involves working with Computer Studies and related fields.

Select

### Telecommunication Engineer

Telecommunication Engineer involves working with Computer Studies and related fields.

Select

### Software Developer/Engineer

Software Developer/Engineer involves working with Computer Studies and related fields.

Select

**System Administrator**

System Administrator involves working with Computer Studies and related fields.

Select

**Database Administrator**

Database Administrator involves working with Computer Studies and related fields.

Select

**Network Engineer/Administrator**

Network Engineer/Administrator involves working with Computer Studies and related fields.

Select

**Cybersecurity Analyst/Specialist**

Cybersecurity Analyst/Specialist involves working with Computer Studies and related fields.

Select

**Web Developer**

Web Developer involves working with Computer Studies, Media Technology and related fields.

Select

**Data Analyst**

Data Analyst involves working with Computer Studies and related fields.

Select

**IT Support Specialist**

IT Support Specialist involves working with Computer Studies and related fields.

Select

## Computer Science Educator

Computer Science Educator involves working with Computer Studies and related fields.

Select

## Cloud Solutions Architect

Cloud Solutions Architect involves working with Computer Studies and related fields.

Select

## Artificial Intelligence Engineer

Artificial Intelligence Engineer involves working with Computer Studies and related fields.

Select

## Machine Learning Engineer

Machine Learning Engineer involves working with Computer Studies and related fields.

Select

## UI/UX Designer

UI/UX Designer involves working with Computer Studies, Media Technology and related fields.

Select

## Game Developer

Game Developer involves working with Computer Studies and related fields.

Select

**Hardware Engineer**

Hardware Engineer involves working with Computer Studies and related fields.

Select

**Quantum Computing Scientist/Engineer**

Quantum Computing Scientist/Engineer involves working with Computer Studies and related fields.

Select

**AR/VR Developer**

AR/VR Developer involves working with Computer Studies and related fields.

Select

**IT Project Manager**

IT Project Manager involves working with Computer Studies and related fields.

Select

**Agricultural Engineer**

Agricultural Engineer involves working with Agriculture and related fields.

Select

**Agribusiness Manager**

Agribusiness Manager involves working with Agriculture and related fields.

Select

**Crop Consultant**

Crop Consultant involves working with Agriculture and related fields.

Select

### **Livestock Manager**

Livestock Manager involves working with Agriculture and related fields.

Select

### **Horticulturist**

Horticulturist involves working with Agriculture and related fields.

Select

### **Agricultural Extension Officer**

Agricultural Extension Officer involves working with Agriculture and related fields.

Select

### **Food Safety Inspector**

Food Safety Inspector involves working with Agriculture and related fields.

Select

### **Farm Manager**

Farm Manager involves working with Agriculture and related fields.

Select

### **Agricultural Scientist**

Agricultural Scientist involves working with Agriculture and related fields.

← **Career Selection**

Select**Soil Scientist**

Soil Scientist involves working with Agriculture and related fields.

 Select**Professional Musician (Instrumentalist, Vocalist)**

Professional Musician (Instrumentalist, Vocalist) involves working with Music & Dance and related fields.

 Select**Professional Dancer**

Professional Dancer involves working with Music & Dance and related fields.

 Select**Composer/Arranger**

Composer/Arranger involves working with Music & Dance and related fields.

 Select**Music Teacher/Instructor**

Music Teacher/Instructor involves working with Music & Dance and related fields.

 Select**Dance Instructor**

Dance Instructor involves working with Music & Dance and related fields.

 Select

**Choreographer**

Choreographer involves working with Music & Dance and related fields.

Select

**Performing Artist (opera, dance troupes, etc.)**

Performing Artist (opera, dance troupes, etc.) involves working with Music & Dance and related fields.

Select

**Music Therapist**

Music Therapist involves working with Music & Dance and related fields.

Select

**Dance Therapist**

Dance Therapist involves working with Music & Dance and related fields.

Select

**Sound Engineer**

Sound Engineer involves working with Music & Dance and related fields.

Select

**Music Journalist/Critic**

Music Journalist/Critic involves working with Music & Dance and related fields.

Select

**Dance Critic**

Dance Critic involves working with Music & Dance and related fields.

Select

### **Visual Artist (Painter, Sculptor, Illustrator)**

Visual Artist (Painter, Sculptor, Illustrator) involves working with Fine Arts and related fields.

Select

### **Art Teacher/Instructor**

Art Teacher/Instructor involves working with Fine Arts and related fields.

Select

### **Art Conservator/Restorer**

Art Conservator/Restorer involves working with Fine Arts and related fields.

Select

### **Art Gallery Curator**

Art Gallery Curator involves working with Fine Arts and related fields.

Select

### **Art Director (advertising, design firms)**

Art Director (advertising, design firms) involves working with Fine Arts and related fields.

Select

### **Art Critic/Reviewer**

Art Critic/Reviewer involves working with Fine Arts and related fields.

Select

**Museum Curator**

Museum Curator involves working with Fine Arts, History & Citizenship and related fields.

Select

**Exhibition Designer**

Exhibition Designer involves working with Fine Arts and related fields.

Select

**Illustrator (books, magazines)**

Illustrator (books, magazines) involves working with Fine Arts and related fields.

Select

**Graphic Designer**

Graphic Designer involves working with Fine Arts and related fields.

Select

**Lighting Designer**

Lighting Designer involves working with Theatre & Film and related fields.

Select

**Sound Designer**

Sound Designer involves working with Theatre & Film and related fields.

Select

**Film Editor**

Film Editor involves working with Theatre & Film and related fields.

Select

### **Producer (Theatre, Film, Television)**

Producer (Theatre, Film, Television) involves working with Theatre & Film and related fields.

Select

### **Casting Director**

Casting Director involves working with Theatre & Film and related fields.

Select

### **Actor/Actress**

Actor/Actress involves working with Theatre & Film and related fields.

Select

### **Director (Theatre, Film, Television)**

Director (Theatre, Film, Television) involves working with Theatre & Film and related fields.

Select

### **Playwright/Screenwriter**

Playwright/Screenwriter involves working with Theatre & Film and related fields.

Select

### **Set Designer**

Set Designer involves working with Theatre & Film and related fields.

Select

### **Art Director**

Art Director involves working with Theatre & Film and related fields.

Select

### **Costume Designer**

Costume Designer involves working with Theatre & Film and related fields.

Select

### **Recreation Manager**

Recreation Manager involves working with Sports & Recreation and related fields.

Select

### **Camp Coordinator**

Camp Coordinator involves working with Sports & Recreation and related fields.

Select

### **Outdoor Adventure Guide/Instructor**

Outdoor Adventure Guide/Instructor involves working with Sports & Recreation and related fields.

Select

### **Park Ranger/Naturalist**

Park Ranger/Naturalist involves working with Sports & Recreation and related fields.

Select

**Event Planner/Coordinator**

Event Planner/Coordinator involves working with Sports & Recreation and related fields.

Select

**Resort/Cruise Ship Recreation Director**

Resort/Cruise Ship Recreation Director involves working with Sports & Recreation and related fields.

Select

**Professional Athlete**

Professional Athlete involves working with Sports & Recreation and related fields.

Select

**Coach/Trainer**

Coach/Trainer involves working with Sports & Recreation and related fields.

Select

**Sports Official/Referee/Umpire**

Sports Official/Referee/Umpire involves working with Sports & Recreation and related fields.

Select

**Sports Agent/Manager**

Sports Agent/Manager involves working with Sports & Recreation and related fields.

Select

**Sports Journalist/Reporter**

Sports Journalist/Reporter involves working with Sports & Recreation and related fields.

Select

### **Sports Broadcaster/Commentator**

Sports Broadcaster/Commentator involves working with Sports & Recreation and related fields.

Select

### **Sports Photographer/Videographer**

Sports Photographer/Videographer involves working with Sports & Recreation and related fields.

Select

### **Sports Editor/Producer**

Sports Editor/Producer involves working with Sports & Recreation and related fields.

Select

### **Sports Marketing Specialist**

Sports Marketing Specialist involves working with Sports & Recreation and related fields.

Select

### **Sports Team Manager/Administrator**

Sports Team Manager/Administrator involves working with Sports & Recreation and related fields.

Select

### **Athletic Director**

Athletic Director involves working with Sports & Recreation and related fields.

Select

**Sports Facility Manager**

Sports Facility Manager involves working with Sports & Recreation and related fields.

Select

**Sports Event Coordinator**

Sports Event Coordinator involves working with Sports & Recreation and related fields.

Select

**Writer/Author**

Writer/Author involves working with Literature in English and related fields.

Select

**Editor**

Editor involves working with Literature in English and related fields.

Select

**Proofreader**

Proofreader involves working with Literature in English and related fields.

Select

**Teacher**

Teacher involves working with Literature in English and related fields.

Select

**Journalist**

Journalist involves working with Literature in English, Kenya Sign Language and related fields.

Select

## **Reporter**

Reporter involves working with Literature in English and related fields.

Select

## **Content Writer**

Content Writer involves working with Literature in English and related fields.

Select

## **Copywriter**

Copywriter involves working with Literature in English and related fields.

Select

## **Public Relations Specialist**

Public Relations Specialist involves working with Literature in English and related fields.

Select

## **Communication Specialist**

Communication Specialist involves working with Literature in English and related fields.

Select

## **Literary Critic/Scholar**

Literary Critic/Scholar involves working with Literature in English and related fields.

Select

### **Professor of English Literature**

Professor of English Literature involves working with Literature in English and related fields.

Select

### **Publisher**

Publisher involves working with Literature in English and related fields.

Select

### **Cultural Heritage Officer**

Cultural Heritage Officer involves working with Literature in English, Kenya Sign Language, History & Citizenship and related fields.

Select

### **Kiswahili Teacher/Instructor**

Kiswahili Teacher/Instructor involves working with Fasihi ya Kiswahili and related fields.

Select

### **Translator/Interpreter**

Translator/Interpreter involves working with Fasihi ya Kiswahili, Kenya Sign Language and related fields.

Select

### **Journalist/Reporter (Kiswahili media)**

Journalist/Reporter (Kiswahili media) involves working with Fasihi ya Kiswahili and related fields.

Select**Government Official/Diplomat**

Government Official/Diplomat involves working with Fasihi ya Kiswahili and related fields.

 Select**Cultural Consultant**

Cultural Consultant involves working with Fasihi ya Kiswahili and related fields.

 Select**Literary Critic/Scholar (Swahili literature)**

Literary Critic/Scholar (Swahili literature) involves working with Fasihi ya Kiswahili and related fields.

 Select**Professor of Swahili Literature**

Professor of Swahili Literature involves working with Fasihi ya Kiswahili and related fields.

 Select**Publisher (Swahili literature)**

Publisher (Swahili literature) involves working with Fasihi ya Kiswahili and related fields.

 Select**Sign Language Interpreter**

Sign Language Interpreter involves working with Kenya Sign Language and related fields.

 Select

**Sign Language Teacher/Instructor**

Sign Language Teacher/Instructor involves working with Kenya Sign Language and related fields.

Select

**Advocate for the Deaf Community**

Advocate for the Deaf Community involves working with Kenya Sign Language and related fields.

Select

**Social Worker (specializing in deaf services)**

Social Worker (specializing in deaf services) involves working with Kenya Sign Language and related fields.

Select

**Disability Rights Activist**

Disability Rights Activist involves working with Kenya Sign Language and related fields.

Select

**Literary Agent Researcher/Archivist**

Literary Agent Researcher/Archivist involves working with Kenya Sign Language and related fields.

Select

**Language Teacher/Instructor**

Language Teacher/Instructor involves working with Kenya Sign Language and related fields.

Select

**International Business/Trade Specialist**

International Business/Trade Specialist involves working with Kenya Sign Language and related fields.

Select

### **Diplomat/Foreign Service Officer**

Diplomat/Foreign Service Officer involves working with Kenya Sign Language and related fields.

Select

### **Cultural Liaison/Consultant**

Cultural Liaison/Consultant involves working with Kenya Sign Language and related fields.

Select

### **Religious Leader/Clergy**

Religious Leader/Clergy involves working with Christian Religious Education, Islamic Religious Education, Hindu Religious Education and related fields.

Select

### **Religious Educator/Teacher**

Religious Educator/Teacher involves working with Christian Religious Education, Islamic Religious Education, Hindu Religious Education and related fields.

Select

### **Counselor/Chaplain**

Counselor/Chaplain involves working with Christian Religious Education, Islamic Religious Education, Hindu Religious Education and related fields.

Select

### **Interfaith Dialogue Coordinator**

Interfaith Dialogue Coordinator involves working with Christian Religious Education, Islamic Religious Education, Hindu Religious Education and related fields.

Select**Community Outreach Worker**

Community Outreach Worker involves working with Christian Religious Education, Islamic Religious Education, Hindu Religious Education and related fields.

 Select**Religious Researcher/Scholar**

Religious Researcher/Scholar involves working with Christian Religious Education, Islamic Religious Education, Hindu Religious Education and related fields.

 Select**Entrepreneur/Business Owner**

Entrepreneur/Business Owner involves working with Business Studies and related fields.

 Select**Business Manager/Administrator**

Business Manager/Administrator involves working with Business Studies and related fields.

 Select**Marketing Specialist/Manager**

Marketing Specialist/Manager involves working with Business Studies and related fields.

 Select**Human Resources Manager/Officer**

Human Resources Manager/Officer involves working with Business Studies and related fields.

Select

### **Financial Analyst/Advisor**

Financial Analyst/Advisor involves working with Business Studies and related fields.

Select

### **Management Consultant**

Management Consultant involves working with Business Studies and related fields.

Select

### **Supply Chain Manager**

Supply Chain Manager involves working with Business Studies and related fields.

Select

### **Sales Representative/Manager**

Sales Representative/Manager involves working with Business Studies and related fields.

Select

### **Accountant**

Accountant involves working with Business Studies and related fields.

Select

### **Historian**

Historian involves working with History & Citizenship and related fields.

Select

**History Teacher**

History Teacher involves working with History & Citizenship and related fields.

Select

**Archivist**

Archivist involves working with History & Citizenship and related fields.

Select

**Political Analyst**

Political Analyst involves working with History & Citizenship and related fields.

Select

**Civil Service Administrator**

Civil Service Administrator involves working with History & Citizenship and related fields.

Select

**Diplomat**

Diplomat involves working with History & Citizenship and related fields.

Select

**Policy Advisor**

Policy Advisor involves working with History & Citizenship and related fields.

Select

**Lawyer (with focus on constitutional/human rights law)**

Lawyer (with focus on constitutional/human rights law) involves working with History & Citizenship and related fields.

Select

### **Journalist (political/historical focus)**

Journalist (political/historical focus) involves working with History & Citizenship and related fields.

Select

### **Genealogist**

Genealogist involves working with History & Citizenship and related fields.

Select

### **Tour Guide (historical sites)**

Tour Guide (historical sites) involves working with History & Citizenship and related fields.

Select

### **Urban/Regional Planner**

Urban/Regional Planner involves working with Geography and related fields.

Select

### **Environmental Consultant**

Environmental Consultant involves working with Geography, Marine & Fisheries and related fields.

Select

### **GIS Specialist**

GIS Specialist involves working with Geography and related fields.

Select

### **Cartographer/Mapmaker**

Cartographer/Mapmaker involves working with Geography and related fields.

Select

### **Conservation Scientist/Forester**

Conservation Scientist/Forester involves working with Geography and related fields.

Select

### **Transportation Planner**

Transportation Planner involves working with Geography and related fields.

Select

### **Economic Development Specialist**

Economic Development Specialist involves working with Geography and related fields.

Select

### **Climate Change Analyst**

Climate Change Analyst involves working with Geography and related fields.

Select

### **Surveyor**

Surveyor involves working with Geography and related fields.

Select

**Hydrologist**

Hydrologist involves working with Geography, Marine & Fisheries and related fields.

Select

**Demographer**

Demographer involves working with Geography and related fields.

Select

**Geospatial Analyst**

Geospatial Analyst involves working with Geography and related fields.

Select

**Disaster Management Specialist**

Disaster Management Specialist involves working with Geography and related fields.

Select

**Research Scientist**

Research Scientist involves working with Biology, Chemistry, Physics and related fields.

Select

**Biologist**

Biologist involves working with Biology, Chemistry, Physics and related fields.

Select

**Chemist**

Chemist involves working with Biology, Chemistry, Physics and related fields.

Select

## **Physicist**

Physicist involves working with Biology, Chemistry, Physics and related fields.

Select

## **Astronomer**

Astronomer involves working with Biology, Chemistry, Physics and related fields.

Select

## **Mathematician**

Mathematician involves working with Biology, Chemistry, Physics and related fields.

Select

## **Geologist**

Geologist involves working with Biology, Chemistry, Physics and related fields.

Select

## **Ecologist**

Ecologist involves working with Biology, Chemistry, Physics and related fields.

Select

## **Oceanographer**

Oceanographer involves working with Biology, Chemistry, Physics and related fields.

Select

**Meteorologist**

Meteorologist involves working with Biology, Chemistry, Physics and related fields.

Select

**Seismologist**

Seismologist involves working with Biology, Chemistry, Physics and related fields.

Select

**Biophysicist**

Biophysicist involves working with Biology, Chemistry, Physics and related fields.

Select

**Climatologist**

Climatologist involves working with Biology, Chemistry, Physics and related fields.

Select

**Paleontologist**

Paleontologist involves working with Biology, Chemistry, Physics and related fields.

Select

**Engineer**

Engineer involves working with Biology, Chemistry, Physics and related fields.

Select

**Environmental Scientist**

Environmental Scientist involves working with Biology, Chemistry, Physics and related fields.

Select

## **Forensic Scientist**

Forensic Scientist involves working with Biology, Chemistry, Physics and related fields.

Select

## **Medical Technologist**

Medical Technologist involves working with Biology, Chemistry, Physics and related fields.

Select

## **Pharmacist**

Pharmacist involves working with Biology, Chemistry, Physics and related fields.

Select

## **Biomedical Engineer**

Biomedical Engineer involves working with Biology, Chemistry, Physics and related fields.

Select

## **Food Scientist**

Food Scientist involves working with Biology, Chemistry, Physics and related fields.

Select

## **Material Scientist**

Material Scientist involves working with Biology, Chemistry, Physics and related fields.

Select

## Industrial Designer

Industrial Designer involves working with Biology, Chemistry, Physics and related fields.

Select

## Quality Assurance (QA) Engineer

Quality Assurance (QA) Engineer involves working with Biology, Chemistry, Physics and related fields.

Select

## Petroleum Engineer

Petroleum Engineer involves working with Biology, Chemistry, Physics and related fields.

Select

## Nuclear Engineer

Nuclear Engineer involves working with Biology, Chemistry, Physics and related fields.

Select

## Renewable Energy Specialist

Renewable Energy Specialist involves working with Biology, Chemistry, Physics and related fields.

Select

## Water Resource Engineer

Water Resource Engineer involves working with Biology, Chemistry, Physics and related fields.

Select

**Safety Engineer**

Safety Engineer involves working with Biology, Chemistry, Physics and related fields.

Select

**Science Educator**

Science Educator involves working with Biology, Chemistry, Physics and related fields.

Select

**Neurologist**

Neurologist involves working with Biology, Chemistry, Physics and related fields.

Select

**Botanist**

Botanist involves working with Biology, Chemistry, Physics and related fields.

Select

**Zoologist**

Zoologist involves working with Biology, Chemistry, Physics and related fields.

Select

**Geneticist**

Geneticist involves working with Biology, Chemistry, Physics and related fields.

Select

**Astrophysicist**

Astrophysicist involves working with Biology, Chemistry, Physics and related fields.

Select

### **Entomologist**

Entomologist involves working with Biology, Chemistry, Physics and related fields.

Select

### **Marine Biologist**

Marine Biologist involves working with Marine & Fisheries and related fields.

Select

### **Marine Ecologist**

Marine Ecologist involves working with Marine & Fisheries and related fields.

Select

### **Coral Reef Specialist**

Coral Reef Specialist involves working with Marine & Fisheries and related fields.

Select

### **Fisheries Manager**

Fisheries Manager involves working with Marine & Fisheries and related fields.

Select

### **Aquaculture Specialist**

Aquaculture Specialist involves working with Marine & Fisheries and related fields.

Select

**Aquaculture Manager**

Aquaculture Manager involves working with Marine & Fisheries and related fields.

Select

**Hatchery Manager**

Hatchery Manager involves working with Marine & Fisheries and related fields.

Select

**Marine Scientist**

Marine Scientist involves working with Marine & Fisheries and related fields.

Select

**Fisheries Oceanographer**

Fisheries Oceanographer involves working with Marine & Fisheries and related fields.

Select

**Marine Conservationist**

Marine Conservationist involves working with Marine & Fisheries and related fields.

Select

**Marine Policy Analyst**

Marine Policy Analyst involves working with Marine & Fisheries and related fields.

Select

**Marine Engineer**

Marine Engineer involves working with Marine & Fisheries and related fields.

Select

### **Naval Architect**

Naval Architect involves working with Marine & Fisheries and related fields.

Select

### **Deck Officer**

Deck Officer involves working with Marine & Fisheries and related fields.

Select

### **Commercial Fisher**

Commercial Fisher involves working with Marine & Fisheries and related fields.

Select

### **Seafood Quality Control Officer**

Seafood Quality Control Officer involves working with Marine & Fisheries and related fields.

Select

### **Processing Plant Manager**

Processing Plant Manager involves working with Marine & Fisheries and related fields.

Select

### **Marine Researcher**

Marine Researcher involves working with Marine & Fisheries and related fields.

Select**Marine Science Educator**

Marine Science Educator involves working with Marine & Fisheries and related fields.

 Select**Marine Geologist**

Marine Geologist involves working with Marine & Fisheries and related fields.

 Select**Underwater Archaeologist**

Underwater Archaeologist involves working with Marine & Fisheries and related fields.

 Select**Coastal Zone Manager**

Coastal Zone Manager involves working with Marine & Fisheries and related fields.

 Select**Marine Educator**

Marine Educator involves working with Marine & Fisheries and related fields.

 Select**Water Sports Instructor**

Water Sports Instructor involves working with Marine & Fisheries and related fields.

 Select

**Marine Mining Specialist**

Marine Mining Specialist involves working with Marine & Fisheries and related fields.

Select

**Marine Transport Specialist**

Marine Transport Specialist involves working with Marine & Fisheries and related fields.

Select

**Port Manager**

Port Manager involves working with Marine & Fisheries and related fields.

Select

**Marine Environmental Consultant**

Marine Environmental Consultant involves working with Marine & Fisheries and related fields.

Select

**Marine Resource Manager**

Marine Resource Manager involves working with Marine & Fisheries and related fields.

Select

**Welder**

Welder involves working with Metal Work and related fields.

Select

**Machinist**

Machinist involves working with Metal Work and related fields.

Select

### **Sheet Metal Worker**

Sheet Metal Worker involves working with Metal Work and related fields.

Select

### **Metal Fabricator**

Metal Fabricator involves working with Metal Work and related fields.

Select

### **Blacksmith**

Blacksmith involves working with Metal Work and related fields.

Select

### **Metal Sculptor**

Metal Sculptor involves working with Metal Work and related fields.

Select

### **Ironworker**

Ironworker involves working with Metal Work and related fields.

Select

### **Metal Casting Technician**

Metal Casting Technician involves working with Metal Work and related fields.

Select

**Metal Finisher**

Metal Finisher involves working with Metal Work and related fields.

Select

**CNC Machine Operator**

CNC Machine Operator involves working with Metal Work and related fields.

Select

**Carpenter**

Carpenter involves working with Wood Work and related fields.

Select

**Cabinet Maker**

Cabinet Maker involves working with Wood Work and related fields.

Select

**Woodworker**

Woodworker involves working with Wood Work and related fields.

Select

**Joiner**

Joiner involves working with Wood Work and related fields.

Select

**Wood Turner**

Wood Turner involves working with Wood Work and related fields.

Select

## **Furniture Designer**

Furniture Designer involves working with Wood Work and related fields.

Select

## **Luthier (Instrument Maker)**

Luthier (Instrument Maker) involves working with Wood Work and related fields.

Select

## **Boat Builder**

Boat Builder involves working with Wood Work and related fields.

Select

## **Wood Carver**

Wood Carver involves working with Wood Work and related fields.

Select

## **Restoration Specialist**

Restoration Specialist involves working with Wood Work and related fields.

Select

## **Pilot (Commercial/Private)**

Pilot (Commercial/Private) involves working with Aviation and related fields.

Select

### **Aircraft Mechanic/Technician**

Aircraft Mechanic/Technician involves working with Aviation and related fields.

Select

### **Aerospace Engineer**

Aerospace Engineer involves working with Aviation and related fields.

Select

### **Aviation Maintenance Manager**

Aviation Maintenance Manager involves working with Aviation and related fields.

Select

### **Flight Dispatcher**

Flight Dispatcher involves working with Aviation and related fields.

Select

### **Air Traffic Controller**

Air Traffic Controller involves working with Aviation and related fields.

Select

### **Avionics Technician**

Avionics Technician involves working with Aviation and related fields.

Select

**Flight Instructor**

Flight Instructor involves working with Aviation and related fields.

Select

**Aircraft Inspector**

Aircraft Inspector involves working with Aviation and related fields.

Select

**Drone Operator**

Drone Operator involves working with Aviation and related fields.

Select

**Construction Manager**

Construction Manager involves working with Building & Construction and related fields.

Select

**Civil Engineer**

Civil Engineer involves working with Building & Construction and related fields.

Select

**Architect**

Architect involves working with Building & Construction and related fields.

Select

**Structural Engineer**

Structural Engineer involves working with Building & Construction and related fields.

Select

## **Construction Worker**

Construction Worker involves working with Building & Construction and related fields.

Select

## **Quantity Surveyor**

Quantity Surveyor involves working with Building & Construction and related fields.

Select

## **Building Inspector**

Building Inspector involves working with Building & Construction and related fields.

Select

## **Site Supervisor**

Site Supervisor involves working with Building & Construction and related fields.

Select

## **Estimator**

Estimator involves working with Building & Construction and related fields.

Select

## **Bricklayer**

Bricklayer involves working with Building & Construction and related fields.

Select

**Electrician**

Electrician involves working with Electricity and related fields.

Select

**Electrical Engineer**

Electrical Engineer involves working with Electricity and related fields.

Select

**Power System Technician**

Power System Technician involves working with Electricity and related fields.

Select

**Electrical Drafter**

Electrical Drafter involves working with Electricity and related fields.

Select

**Power Plant Operator**

Power Plant Operator involves working with Electricity and related fields.

Select

**Renewable Energy Technician**

Renewable Energy Technician involves working with Electricity and related fields.

Select

**Electrical Inspector**

Electrical Inspector involves working with Electricity and related fields.

Select

## **Control Systems Technician**

Control Systems Technician involves working with Electricity and related fields.

Select

## **Instrumentation Technician**

Instrumentation Technician involves working with Electricity and related fields.

Select

## **Smart Grid Technician**

Smart Grid Technician involves working with Electricity and related fields.

Select

## **Mechanical Engineer**

Mechanical Engineer involves working with Power Mechanics and related fields.

Select

## **Automotive Technician**

Automotive Technician involves working with Power Mechanics and related fields.

Select

## **Heavy Equipment Operator**

Heavy Equipment Operator involves working with Power Mechanics and related fields.

Select

### **Diesel Systems Mechanic**

Diesel Systems Mechanic involves working with Power Mechanics and related fields.

 Select

### **HVAC Technician**

HVAC Technician involves working with Power Mechanics and related fields.

 Select

### **Industrial Machinery Mechanic**

Industrial Machinery Mechanic involves working with Power Mechanics and related fields.

 Select

### **Aircraft Mechanic**

Aircraft Mechanic involves working with Power Mechanics and related fields.

 Select

### **Elevator Installer/Repairer**

Elevator Installer/Repairer involves working with Power Mechanics and related fields.

 Select

### **Railway Mechanic**

Railway Mechanic involves working with Power Mechanics and related fields.

 Select

**Hydraulics Specialist**

Hydraulics Specialist involves working with Power Mechanics and related fields.

Select

**Multimedia Producer**

Multimedia Producer involves working with Media Technology and related fields.

Select

**Video Editor**

Video Editor involves working with Media Technology and related fields.

Select

**Audio Engineer**

Audio Engineer involves working with Media Technology and related fields.

Select

**Animation Specialist**

Animation Specialist involves working with Media Technology and related fields.

Select

**Broadcast Technician**

Broadcast Technician involves working with Media Technology and related fields.

Select

**Video Journalist**

Video Journalist involves working with Media Technology and related fields.

Select

### **Podcast Producer**

Podcast Producer involves working with Media Technology and related fields.

Select

### **Game Designer/Developer**

Game Designer/Developer involves working with Media Technology and related fields.

Select

### **VR/AR Developer**

VR/AR Developer involves working with Media Technology and related fields.

Select

### **Mobile App Developer**

Mobile App Developer involves working with Media Technology and related fields.

Select

### **Digital Marketer**

Digital Marketer involves working with Media Technology and related fields.

Select

### **Social Media Manager**

Social Media Manager involves working with Media Technology and related fields.

Select

**SEO Specialist**

SEO Specialist involves working with Media Technology and related fields.

Select

**Film & TV Producer**

Film & TV Producer involves working with Media Technology and related fields.

Select

**VFX Artist**

VFX Artist involves working with Media Technology and related fields.

Select

**Media Systems Engineer**

Media Systems Engineer involves working with Media Technology and related fields.

Select

**Cloud Media Specialist**

Cloud Media Specialist involves working with Media Technology and related fields.

Select

**AI & Automation Specialist**

AI & Automation Specialist involves working with Media Technology and related fields.

Select

**Nutritionist/Dietician**

Nutritionist/Dietician involves working with Home Science and related fields.

Select

### **Family and Consumer Scientist**

Family and Consumer Scientist involves working with Home Science and related fields.

Select

### **Textile Designer**

Textile Designer involves working with Home Science and related fields.

Select

### **Interior Designer**

Interior Designer involves working with Home Science and related fields.

Select

### **Child Development Specialist**

Child Development Specialist involves working with Home Science and related fields.

Select

### **Gerontologist**

Gerontologist involves working with Home Science and related fields.

Select

### **Home Economist**

Home Economist involves working with Home Science and related fields.

Select

### **Consumer Advocate**

Consumer Advocate involves working with Home Science and related fields.

Select

### **Community Nutritionist**

Community Nutritionist involves working with Home Science and related fields.

Select

### **Textile Technologist**

Textile Technologist involves working with Home Science and related fields.

Select

### **Housing Specialist**

Housing Specialist involves working with Home Science and related fields.

Select

### **Family Therapist**

Family Therapist involves working with Home Science and related fields.

Select

### **Fashion Designer**

Fashion Designer involves working with Home Science and related fields.

Select

**Elderly Care Specialist**

Elderly Care Specialist involves working with Home Science and related fields.

Select

**Preschool Administrator**

Preschool Administrator involves working with Home Science and related fields.

Select

**Human Development Researcher**

Human Development Researcher involves working with Home Science and related fields.

Select

**Consumer Product Developer**

Consumer Product Developer involves working with Home Science and related fields.

Select
