# 36 Possible Careers for Grade 10 Learners Taking Pure Sciences in Senior School

by Michael Owino — December 28, 2025 Reading Time: 12 mins read

As learners prepare to transition to Grade 10 in Senior School following the release of the Kenya Junior School Education Assessment (KJSEA) results, the Ministry of Education has outlined possible career paths learners can pursue after completing Senior School, depending on their chosen pathways.

Under the Competency-Based Education (CBE) curriculum, Pure Sciences form a specialised track within the STEM pathway. This track is designed for learners interested in scientific research, innovation, technology, and related professions.

The core subjects in the Pure Sciences track are Biology, Chemistry, Physics, and Mathematics.

## **36 Possible Careers for Grade 10 Learners Taking Pure Sciences**

At Senior School level, learners select three subjects from their chosen pathway and combine them with four compulsory core subjects: English, Kiswahili or Kenyan Sign Language (KSL), Physical Education, and Community Service Learning. These subject combinations determine the career options learners can pursue after Senior School.

**Also Read: [List of Approved Humanities and Business Studies Textbooks for Grade 10 Learners in Senior Schools](#)**

According to the Ministry of Education, several subject combinations are available under the Pure Sciences track, each aligned with specific career pathways.

According to the Ministry of Education, the available subject combinations include the following:

<b>ST10 20</b>	<b>Core Mathematics, Chemistry, Physics</b>	<b>Pure Sciences</b>
<b>ST10 03</b>	<b>Core Mathematics, Biology, Business Studies</b>	<b>Pure Sciences</b>

According to the Ministry of Education, pursuing Pure Sciences in senior school can open doors to the following career options:

- Research Scientist
- Biologist
- Chemist
- Physicist
- Astronomer
- Mathematician
- Geologist
- Ecologist
- Oceanographer
- Meteorologist
- Seismologist
- Biophysicist
- Climatologist
- Paleontologist
- Engineer
- Environmental Scientist
- Forensic Scientist
- Medical Technologist
- Pharmacist
